TESTIMONIAL

Customers Feedback

Valuable insights from satisfied customers showcase our commitment to exceptional service.

Nick and his Staff were more than professional. I didn't know his work or service before meeting him recently but I'm glad to say I'll be using him for every tinting and cleaning/upkeep on my vehicles and will happily recommend him to any other car enthusiasts whether it's on two or four wheels! Great Job Pristine Mobile, keep killing it!!

Maverick

My experience with Pristine Window Tinting was wonderful. Nick was extremely professional and did an amazing job. The fitment of the tint and how he applied the tint to the windows making sure there is no streaking or bubbles for the final product. Very respectful and couldn't asked for a better job! Definitely will be having other vehicles tint be done by Pristine Window Tinting and will be recommending friends and family. Couldn't praise the professionalism and final work enough!!
